Principles & Philosophy CONFERENCE

Meeting Member Needs

30 Minute Table Group Exercise

During this 30-minute exercise you will work with your group to identify and solve a problem in your community. At the end of this exercise, one group member will share a brief presentation (up to 3 minutes) of your group's findings to the prompts below:

- Your identified problem and Development Issue
- Why you think this is important for your community and credit union to help solve
- Your Simple Plan to address the issue

1. Role Assignment (1 - 2 Minutes)

Delegate a group member to the following roles: Timekeeper and Reporter (speaker).

2. Share and Decide (2 - 8 Minutes)

Each person briefly names a problem you see in your community. As a group, decide which ONE issue to tackle and what development issue category it falls under.

3. Values Alignment (8 - 14 Minutes)

Discuss how the cooperative principles and your organization's history, mission, and values align with addressing this problem.

4. Effects & Significance (14 - 22 Minutes)

Describe the effects and significance of this development issue - both on your community and on your organization.

Effects on the Community	Effects on your Credit Union

5. Create a Simple Plan (22 - 28 Minutes)

How will your credit union help solve this problem? List 3-5 bullet Points - Concrete first steps, not a full strategy.

6. Wrap-up (28 -30 Minutes)

Finalize your plan and prep your reporter to present when called on.
